

Lucas Clemente

10/2011 – present

PhD Student

Max-Planck-Institute of Quantum Optics & LMU Munich

In the Quantum Information Theory group of Prof. Ignacio Cirac, I co-pioneered the field of Quantum Magnetomechanics. We proposed experimental setups using the magnetic properties of superconductors to observe quantum behavior on massive objects.

10/2009 – 10/2011

Student Research Assistant

Max-Planck-Institute of Quantum Optics

10/2009 – 10/2010

B.Sc. in physics

LMU Munich

07/2008 – 10/2009

Student Research Assistant

Forschungszentrum Dresden-Rossendorf — Plasma Theory

06/2008 – 09/2009

Student Research Assistant

Cluster of Excellence "Munich Advanced Photonics"

10/2007 – 10/2009

Early studies in computer science & physics

TUM / LMU Munich

06/2007 – 05/2008

Student Research Assistant

Maier-Leibnitz-Laboratorium Munich — Simulated Medical Physics

09/1999 – 06/2009

Abitur

Elementary School & Maria-Theresia-Gymnasium

During school I skipped the 1st, 8th and 10th grade, studied computer science and physics and worked as student research assistant at three different institutes. For my final thesis I received the thesis prize of the German Physical Society.

Personal

Birthday

14/01/1993, Munich, Germany

Interests

Technology, Mathematical Physics,
Quantum Information, Economics, Music
(Piano), Jogging

Organizations

German National Academic Foundation
("Studienstiftung"), Chaos Computer Club,
German Physical Society
